

Celebrating 20 years of compassionate care

Partners for Healing Board of Directors Information

Who We Are

Partners for Healing (P4H) provides free, compassionate health care to the working uninsured of Coffee, Franklin and Moore counties. This includes primary care, mental health care, lab work and prescription assistance. Opened in 2001, P4H is located at 109 W. Blackwell Street in Tullahoma. As a non profit, 501(c)(3), we rely on community partnerships, individual contributions and grants to operate. Visit our website at www.partnersforhealing.org for more information.

Why Serve

Partners for Healing believes that diverse people and new perspectives help us grow and evolve to form a stronger organization; therefore, we are looking for representation that reflects our differing, yet connected communities. We want you to share your various talents, passions, and areas of expertise with us. Not only will you meaningfully contribute to both our mission and success, but you will also be giving back to our communities. This is your opportunity to make a difference. Your voice will be heard, and you will have an impact on our organization.

Expectations

Board members are volunteers and are appointed to a minimum three year term with the following expectations:

- 1. Actively participate** at all meetings, volunteer for committees and events. Your attendance at meetings is expected, as is lending your expertise and stepping up to volunteer to assist with various projects. Be prepared to give of your time.
- 2. Share networks and open doors.** Your contacts are important to help us identify new supporters and reach new patients. Even though we have been operational for twenty years, there are many who are not aware of our services.
- 3. Be a good advocate.** Talking with anyone who is interested in our mission, inviting them for a tour, to an event, or dropping off brochures at local businesses are just a few ways that you can help Partners for Healing excel.

4. Invite others to contribute and/or attend fundraising events. The power of a personal invitation can make all the difference in the impact we can have on our communities. Fundraising is critical to survive and thrive.

5. Say thank you. Personal touches matter. Your willingness to make calls and send thank you letters to donors helps us show how grateful we are for our supporters.

6. Make a personal annual contribution. Consider what you can and are willing to give. But please, don't let this turn you off to board service. For many, donating contributes to their pride in serving the organization.

The full board meets in January, March, May, July, September and November on the last Tuesday of the month at 5:30 p.m. Members also have the option to call in if they cannot attend in person. Meetings typically last no more than one hour.

I'm Interested! What's Next?

We appreciate your interest in Partners for Healing and your willingness to serve. If you have additional questions or would like to stop by our operation for a tour, you may contact Lynn Brunfield, Executive Director at 931.455.5014.

Once you have completed the application form included in this packet, return it to the board member who provided you with this information. Your package will then be presented to the full board. A vote will be taken and that member will notify you of the decision.
